About the 20th day of August, 1856, I was employed by Messrs. Watson, Wooster & Co., composed of Wm. C. Watson, Morris Knight, and Geo. H. Wooster, to manufacture Sewing Machines, which were known as the "Watson Ten Dollar Sewing Michine." That thereafter I received a notice from the counsel of O. B. Potter and N. Wheeler; mentioned in the annexed copy of injunction, informing me that these Machine were an infringement upon Letters Patent which they owned, and that suits would be instituted against me, unless I should otherwise settle with them. This notice I handed to Mr. Wooster, one

of my employers.

I then made investigations to ascertain the facts, and found that said Machine, as I believed, was an infringement of said Patent, and I informed said Watson that such was my opinion. Sushsequently a suit was commenced against me by said Potter and Wheeler, and immediately thereafter I so informed Mr Watson, and requested him to take charge of the defence of the same, and he refused to do so, and I then told him that I would have nothing more to do with it, and I then ceased to make the Machines; and the in-junction, a copy of which is hereto annexed, was Dated New York, Feb. 11th, 1857.

In presence of Miles B. Andrus. I do hereby certify that the above statement,

subscribed by me, is correct and true.
